Efficient and sterile environments

Skytron's EASE modular system offers a hygienic and healing design for any clinical environment. Our leading solution is great for surgical units, but also suitable to all hospital departments that require easy to clean surfaces with flawless quality. Equipped with a self-supporting substructure and a variety of materials and finishes, the EASE system is certain to set your facility apart from the rest.

Our entire circle of solutions allows you to work with one vendor to equip your hospital with state of the art clinical and infection prevention equipment. We look forward to partnering with you on the design and execution of the next generation hospital environment.

Productivity and Flexibility of Installation and Maintenance

- Reduced installation time, clean and quiet work ensure minimum interference with adjacent rooms
- Quick maintenance eliminating department shutdown
- "Future proof" flexibility in case of specification or regulation change

Hygienic

- Rounded corners allow nowhere for bacteria to hide
- Flush surfaces increase efficiency for cleaning the room
- Optional powder coating increases ability to fight off infectious elements

Customizable

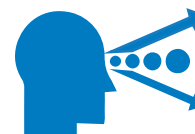

- Ability to accommodate easy access panels for utilities
- Deliver a warm feel for staff and patients with aesthetically pleasing graphics and colors

Vision

Individual Design

Modular wall panels are made of steel or glass, with a variety of colors and design options to give a prestigious look and high-tech atmosphere typically associated with modern OR design.

Steel and glass walls are a growing trend in hospitals due to their hygienic qualities as well as compelling design. The EASE art catalogue includes more than 200 graphic motifs, mainly inspired by nature, because of its soothing effect on patients and hospital staff. Our team is here to help you choose the optional colors and graphics for your facility.

Floral Wall Panel Design

Logo Wall Panel Design

Nature Wall Panel Design

Modular Wall Panels

- Resistant to UV, detergents, bactericidal products, water, steam, and chemicals
- Robust gasket seals vertical seams
- Remarkable graphic motifs
- Available in galvanized steel, stainless steel, or glass

Modular Ceiling
